

25X1

11 October 1960

Dear Allen,

There is a matter which I consider important enough to bring to your personal attention and I will drive up to Washington to discuss it with you as soon as you can arrange a definite time to give me a few minutes.

It will take me about two hours to drive up to town, consequently, any time between eleven in the morning and three in the afternoon will be the most convenient time for me.

As always, my best wishes,

Sincerely,

25X1
